

図 1

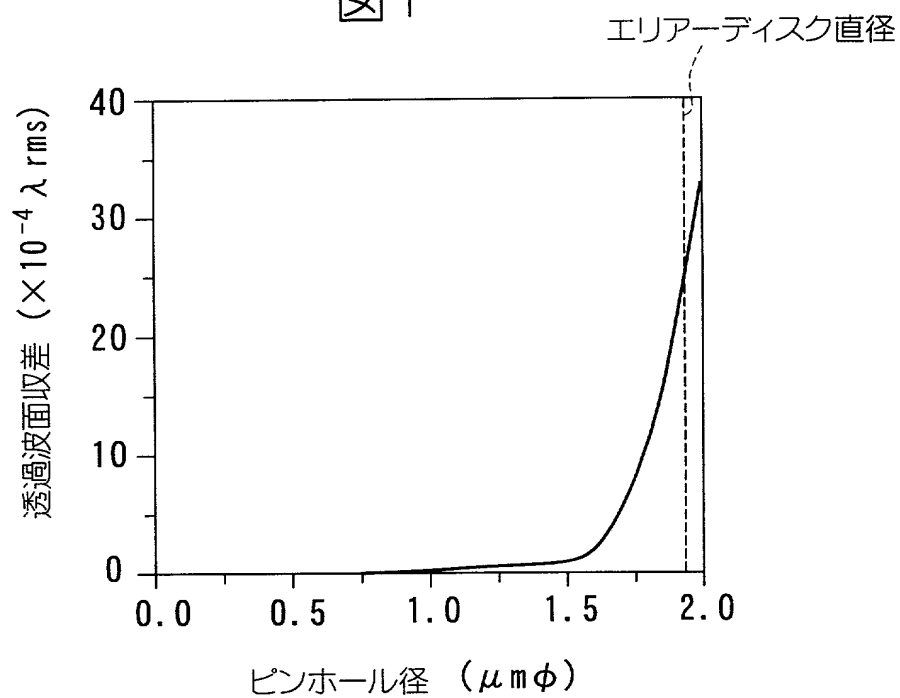

図 2

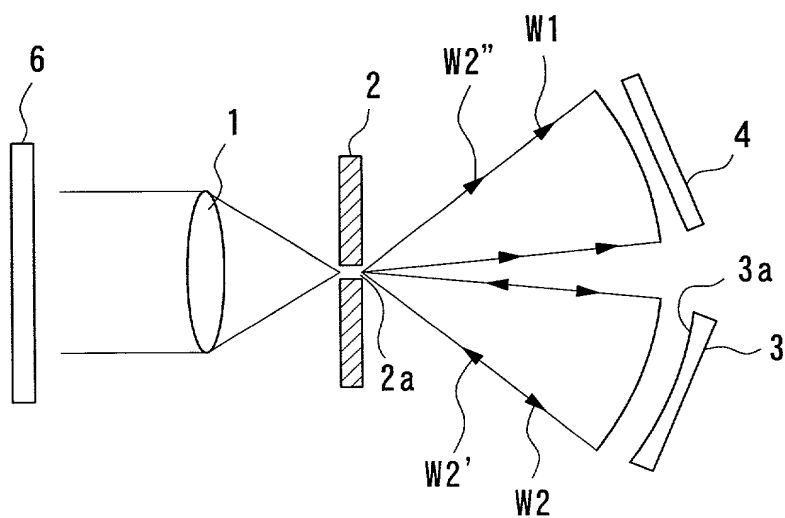

FIG. 3 is a schematic diagram of a light source assembly. The assembly includes a light source 8, a lens 1, and a waveguide 7. Light rays from the source pass through the lens and enter the waveguide. The waveguide has two output faces, 3 and 4, which are curved. Light rays exit the waveguide through these faces, labeled W1, W2, W2', and W2''.
